

SUMMARY FINANCIAL DATA

The following summary financial data should be read together with our financial statements and the related notes and "Management's Discussion and Analysis or Plan of Operation" appearing elsewhere in this prospectus. The summary financial data is not intended to replace our financial statements and the related notes. Our historical results are not

to provide a product that is functional and economical. Accordingly, when we are ready, if we cannot build a customer base, our future sales and operating results will be negatively impacted and our business could fail.

RI SKS RELATED TO INVESTING IN OUR BUSI NESS

IF THE COMPANY ENCOUNTERS ADDITIONAL EXPENSES OR CHARGES AND CAN NOT RESOLVE THEM AT ACCEPTABLE COSTS, THE COMPANY WILL RUN OUT OF CAPITAL AND MAY CAUSE US TO CEASE OPERATIONS.

Because we are a small business, with limited assets, we are not in a position to assume unanticipated costs and expenses. If we encounter these type of circumstances and do not have the financial resources to fix them we may have to suspend operations or cease operations entirely which could result in a total loss of your investment.

THE COMPANY MAY RETAIN INDEPENDENT RESOURCES OR CONSULTANTS TO HELP GROW THE BUSINESS. IF THESE RESOURCES DO NOT PERFORM THE COMPANY MAY HAVE TO CEASE OPERATIONS AND YOU MAY LOOSE YOUR INVESTMENT

The company's management may retain independent contractors to provide services to the company. Those independent individuals and organizations have no fiduciary duty to the shareholders of the company and may not perform as expected.

HOME BUILDING MARKET IS A MATURE MARKET WITH AGGRESSIVE COMPETITION ON PRICING, SERVICES AND SUPPORT. FAILURE TO PROVIDE ATTRACTIVE MARGINS AND ADEQUATE SERVICES AND SUPPORT TO HOME BUILDER RETAILERS WILL RESULT IN DECREASED REVENUES. WITHOUT REVENUES OUR BUSINESS WILL FAIL.

The Company believes the home improvement and home building market is very competitive and aggressive on pricing, service, and support. Competitors may enter this sector with superior products, services, financial resources, conditions and/or benefits. This would infringe on our ability to attract customers, lengthen our sales cycle, increase marketing costs, which in turn will have an adverse affect upon our business and the results of our operations.

COMPETITION MAY DECREASE OUR FUTURE ABILITY TO GAIN CUSTOMERS AND MARKET SHARE.

Several of our competitors have substantially more capital, longer operating histories, greater brand recognition, larger customer bases than we do. The competitors include First Alert EL52-2 Two-Story, FesQLadder FL 25SL Three Story, Kidde's Fire Safety Ladder (KL-2S Two-Story), Red Rung and others. All of these companies have safety ladders that are carried in home building and improvement retailers like Home Depot, Lowes, ACE Hardware. These companies market their products at industry trade shows, conferences, and expos. The Company believe that these brands are well recognize among consumers. These competitors may also adopt more aggressive pricing policies and establish more comprehensive marketing and advertising campaigns than we can. Our competitors may develop product offerings that we do not offer or that are more sophisticated or more cost effective. For these and other reasons, our competitors' products may achieve greater acceptance in the marketplace, limiting our ability to attract customers. Our failure to adequately address these factors could harm our business and operating results.

RI SKS RELATED TO THIS OFFERING

BECAUSE THERE IS NO PUBLIC TRADING MARKET FOR OUR COMMON STOCK, YOU MAY NOT BE ABLE TO RESELL YOUR STOCK AND NOT BE ABLE TO TURN YOUR INVESTMENT INTO CASH

There is currently no public trading market for Hidden Ladder's common stock. Therefore, there is no central place, such as a stock exchange or electronic trading system to resell your shares. If you do want to resell your shares, you will have to locate a buyer and negotiate your own sale.

INVESTING IN OUR COMPANY WILL RESULT IN AN IMMEDIATE LOSS BECAUSE BUYERS WILL PAY MORE FOR OUR COMMON STOCK THAN THE PRO RATA PORTION OF THE ASSETS ARE WORTH

The Company has only been recently formed and has only a limited operating history and no earnings, therefore, the price of the offered shares is not based on any data. The offering price and other terms and conditions regarding the Company's shares have been arbitrarily determined and do not bear any relationship to assets, earnings, book value or any other objective criteria of value. No investment banker, appraiser or other independent third party has been consulted concerning the offering price for the shares or the fairness of the offering price used for the shares.

The offering price of \$0.01 per common share as determined herein is substantially higher than the net tangible book value per share of the Company's common stock. Hidden Ladder's assets do not substantiate a share price of \$0.01. This premium in share price applies to the terms of this offering and does not attempt to reflect any forward looking share price subsequent to the Company

USE OF PROCEEDS

Our offering is being made on a self-underwritten basis: no minimum number of shares must be sold in order for the offering to proceed. The offering price per share is \$0.01. The following table sets forth the potential net proceeds and the uses of proceeds assuming the offering

9,000,000 common shares are issued and outstanding as of the date of this prospectus. The company is ndd a

customers. We believe safety in the home is a top priority to

through the issuance of common stock or of notes payable or other debt arrangements. The Company will explore all financing possibilities and alternatives. Despite our current financial status we believe that we may be able to issue notes payable or debt instruments in order to further develop our Business and Marketing Plan. We anticipate that receipt of such financing may require granting a security interest in the Company, and are willing to grant such interest to secure the necessary funding. This security interest would be UCC1 lien on all of the Company's assets. Any security interest would take preference over equity in a liquidation.

Through May 31, 2010 we incurred a \$937 loss for operational expenses. For the year ending February 28, 2010, we have incurred a total of \$3,600 in general and administration expenses including \$3,500 in professional fees. This loss occurred over a period of five (5) days from February 23, 2010 to February 28, 2010 and our current cash reflects less than one (1) month of operation.

To date, we have managed to keep our monthly cash flow requirement low for two reasons. First, our sole officer has agreed not to draw a salary until the Company has raised \$500,000 of cash in either equity or debt for working capital or has at least \$500,000 in revenues. Second, we have been able to keep our operating expenses to a minimum by operating in space owned by our sole officer and are only paying the direct expenses associated with our business operations. We believe managing costs is very important to our success, especially under the current economic times.

Given our low monthly cash flow requirement and the compensation arrangement with our sole officer, management believes that, while our auditors have expressed substantial doubt about our ability to continue as a going concern, and assuming that we do not commence our anticipated operations until sufficient financial resources are available, we believe we will be able to meet our obligations for at least the next twelve months.

In the early stages of our company, we will need cash for completing the business and marketing plans. We anticipate that during the first year, in order to develop our business plan to any meaningful degree, we would need to spend a minimum of \$150,000 on such endeavors. After this offering, we will seek additional financing through means such as equity offerings, borrowings from institutions and/or private individuals. We estimate the costs with additional equity offerings will be similar to this offering, however we are uncertain as to the costs with loans because we have not entered into any of those types of arrangements. Even if we sell all shares offered through this registration statement, we expect that we will seek additional financing in the future. However, we may not be able to obtain additional capital or generate sufficient revenues to fund our operations. If we are unsuccessful at raising sufficient funds, for whatever reason, to fund our operations, we may be forced to seek a buyer for our business or another entity with which we could create a joint venture. If all of these alternatives fail, we expect that we will be required to seek protection from creditors under applicable bankruptcy laws.

The Company has entered into no contractual obligations or commitment agreements.

MANAGEMENT

OFFICER AND DIRECTOR

Our sole officer and director will serve until his successor is elected and qualified. Our officer is elected by the board of directors to a term of one (1) year and serve until their successor is duly elected and qualified, or until they are removed from office. The board of directors has no nominating, auditing or compensation committees.

The name, address, age and position of our President, Secretary and Director are as follows:

measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. Deferred income tax expense represents the change during the period in the deferred tax assets and deferred tax liabilities. The components of the deferred tax assets and liabilities are individually classified as current and non-current based on their characteristics. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. No deferred tax assets or liabilities were recognized as of May 31, 2010.

Advertising

The Company will expense advertising as incurred. The advertising for the period ending May 31, 2010 was \$0.00.

NOTES TO FINANCIAL STATEMENTS
(MAY 31, 2010)

NOTE 4. STOCKHOLDERS' EQUITY

Common Stock

There are 300,000,000 Common Shares at \$0.0001 par value authorized with 9,000,000 Issued and Outstanding as of May 31, 2010.

NOTE 5. RELATED PARTY TRANSACTIONS

The officer and director of the Company are involved in other business activities and may, in the future, become involved in other business opportunities that become available. They may face a conflict in selecting between the Company and other business interests. The Company has not formulated a policy for the resolution of such conflicts.

NOTE 6. GOING CONCERN

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. For the period March 1, 2010 through May 31, 2010 the Company has had a net loss of \$937. As of May 31, 2010, the Company has not emerged from the development stage. In view of these matters, recoverability of any asset amounts shown in the accompanying financial statements is dependent upon the Company's ability to begin operations and to achieve a level of profitability. Since inception, the Company has financed its activities principally from the sale of equity securities. The Company intends on financing its future development activities and its working capital needs largely from loans and the sale of public equity securities with some additional funding from other traditional financing sources, including term notes, until such time that funds provided by operations are sufficient to fund working capital requirements.

NOTE 7. CONCENTRATIONS OF RISKS

The Company does not have any assets or liabilities shown in the accompanying financial statements. In certain states, cash held in FDIC-insured institutions were insured up to at least \$250,000 per depositor until December 31, 2009. On January 1, 2010, FDIC deposit insurance for all deposit accounts, except for certain retirement accounts, returned to the previous level of \$100,000.

financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Hidden Ladder, Inc. (a development stage Company) as of February 28, 2010, and the results of its operations and its cash flows for the period February 23, 2010 (inception) through February 28, 2010, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed further in Note 6, the Company has been in the development stage since its inception (February 23, 2010) and continues to incur significant losses. The Company's viability is dependent upon its ability to obtain future financing and the success of its future operations. These factors raise substantial doubt as to the Company's ability to continue as a going concern. Management's plan in regard to these matters is also described in Note 6. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Hidden Ladder, Inc.
(A Development Stage Company)

NOTES TO FINANCIAL STATEMENTS
FEBRUARY 23, 2010 (INCEPTION) TO FEBRUARY 28, 2010

NOTE 1. GENERAL ORGANIZATION AND BUSINESS

Hidden Ladder, Inc. ("Hidden Ladder") is a development stage company, incorporated in the State of Florida on February 23, 2010. Hidden Ladder intends to design a hidden escape ladder for homeowners. It is intended to provide the homeowner comfort knowing that if there is a fire in their home they will be able to safely escape from the 2nd story. The ladder is intended to be both durable and simple to use. It should neatly fold up and hang under the window for easy accessibility.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING PRACTICES

Accounting Basis

These financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

For the purpose of the financial statements cash equivalents include all highly liquid investments with maturity of three months or less.

Earnings (Loss) per Share

The basic earnings (loss) per share are calculated by dividing the Company's net income available to common shareholders by the weighted average number of common shares outstanding during the year. The diluted earnings (loss) per share are calculated by dividing the Company's net income (loss) available to common shareholders by the diluted weighted average number of shares outstanding during the year. The diluted weighted average number of shares outstanding is the basic weighted number of shares adjusted as of the first of the year for any potentially dilutive debt or equity. There are no diluted shares outstanding.

Dividends

The Company has not adopted any policy regarding payment of dividends. No dividends have been paid during the period shown, and none are contemplated in the near future.
